### Our Mission and Vision

**Mission:** To improve the health and well-being of our community

**Vision:** To be the healthiest community in Wisconsin

### Message from the Fort HealthCare President and CEO

Fort HealthCare's services are tailored to meet the needs of the community. Our strategies for addressing the health and wellness issues that are important to area residents and businesses include encouraging physical activity, good nutrition, engaging with primary care, keeping yourself out of the hospital, safe in the community and well in the workplace. We believe in promoting early detection, prevention and wellness, and to offer better management of chronic disease when it does occur. Education is an important facet of our work at Fort HealthCare.

A healthy community has a strong impact on future generations. We know that our efforts are an investment in our communities' healthy futures. Achieving our goals ensure we can continue to remain independent, and continue to provide the community with a financially sound, viable, and locally based healthcare system.

We are committed to the health of our communities, and we are always here to listen, understand, and respond to your health care concerns. With your help, we can achieve our Vision to be the healthiest community in Wisconsin.

Sincerely,  
 Michael S. Wallace  
 Fort HealthCare President/CEO
