

# Getting Ready for Your Surgery!

Thank you for choosing Fort HealthCare for your procedure! Here are some important things to remember:

- ☐ Please be sure to watch the **Pediatric Surgery Video** with your child before you come to the hospital. The video helps answer a lot of questions! Go to: **[www.FortHealthCare.com/PediatricSurgery](http://www.FortHealthCare.com/PediatricSurgery)** to view it.
- ☐ Your child may bring along a favorite stuffed animal or blanket.
- ☐ Your child **cannot** have anything to eat or drink after midnight the night before their surgery.
- ☐ You will receive a phone call from our Surgical Coordinator within a week before the surgery date.
