

Fort HealthCare is committed to improving quality of life. We will help you track your healthy choices on a variety of devices.

Investing in wellness will allow opportunities for growth both as an employer and as an employee.

INVEST in your employees

- » Improved employee morale and satisfaction
- » Enhanced camaraderie

INVEST in wellness

- » Reduced healthcare costs and insurance premiums
- » Increased number of employees living healthfully

BENEFIT from the return on investment

- » Increased employee productivity
- » Reduced absenteeism

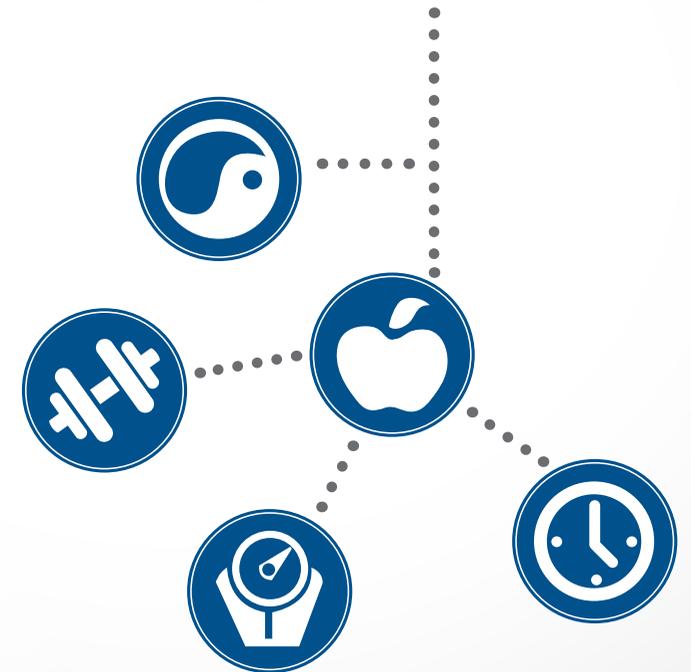

If we collectively improve our population's health, we have the capacity to achieve a vision:

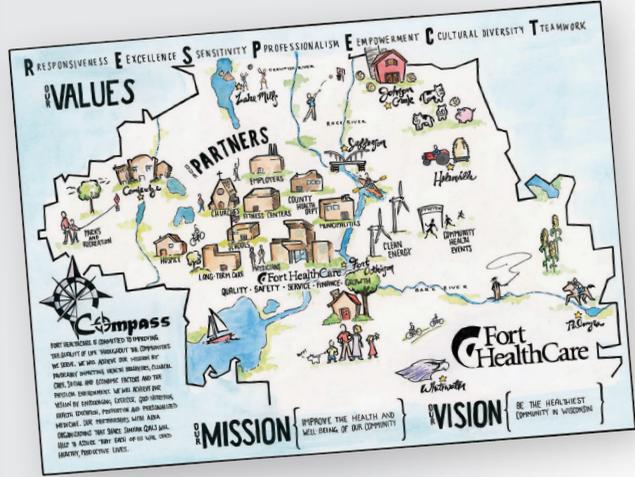

To be the healthiest community in Wisconsin.

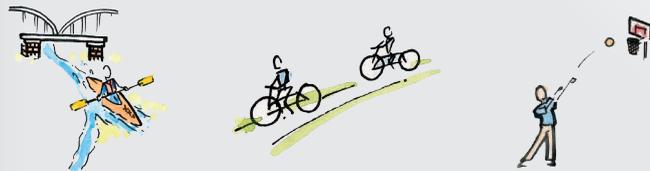

MAXIMIZING YOUR WELLNESS IMPACT

A transition to a high-performing organization

Fort HealthCare's mission is to improve the health and well-being of our community. We define our community as far as we have the ability to reach because all deserve the opportunity of good health. There is no better time than now to take advantage of local opportunities to improve the health and well-being of your community – whether a worksite, neighborhood, or family.

Tracking Approach

Select from a variety of tracking tools to identify top health risks and wellness interests specific to your employees.

Programming Approach

Choose from an array of programs that will guide your organization to adopting a healthier culture.

Fort HealthCare provides ongoing support to its service area communities and ensures the availability of tools needed to adopt healthier lifestyle behaviors.

Fort HealthCare's many programs, services, resources, and expertise will allow you to successfully transition to a wellness-minded, high-performing organization.
