Hadley the garden gnome and his pet rock, Thad, are ready to create the perfect backyard. Unfortunately, their definitions of "perfect" don't exactly align. When they discover a lonely baby bunny, Hadley and Thad must work together to track down its missing parents and learn what it means to live in harmony with the wildlife that shares their outdoor space. During this 40-minute musical audiences will encounter familiar Wisconsin animals including squirrels, rabbits, and migratory birds. Most appropriate for grades K-5th.

Performance Length: 45 minutes.
